

Edge Profiles - Standard

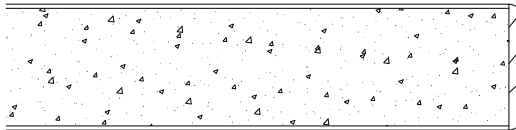

Standard - 3mm PVC Edge:

Available on LPL and HPL parts

- 3mm (1/8") thickness
- 3mm (1/8") radius top and bottom edge
- Available in 18 stocked colors

Standard - 3mm Wood Edge:

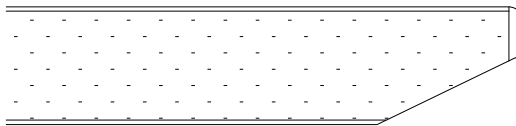

Available on wood veneered parts

- 3mm (1/8") thickness
- 3mm (1/8") radius top and bottom edge
- edge to match veneered panel face

Edge Profiles - Standard Knife Edge

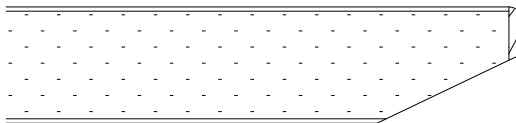

451 Knife Edge - 3mm PVC edge:

Available on HPL worksurfaces only

- 1" MDF core - 1-3/32" finished thickness
- 3mm (1/8") wide x 1/2" high PVC edge
- 1/8" radius top edge
- sloped bottom edge (Raw)
- Available in 18 stocked colors
- No coping available, profile on desk top stops where bridge or return meet desk top.

452 Knife Edge - 3mm wood edge:

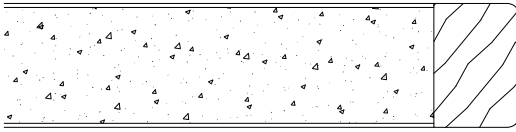

Available on veneered worksurfaces only

- 1" MDF core - 1-1/16" finished thickness
- 3mm (1/8") wide x 1/2" high wood edge
- 1/8" radius top edge
- sloped bottom edge (finished)
- edge to match veneered panel face
- No coping available, profile on desk top stops where bridge or return meet desk top.

Edge Profiles - 850 Series

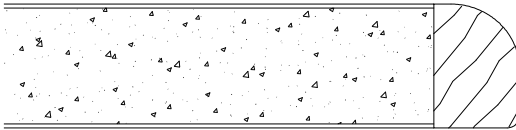

850 Square Wood Edge:

Available on HPL and veneered worksurfaces and storage tops only.

- 3/4" wide x 1-3/16" high wood edge
- 1/8" radius top edge
- 1/8" radius bottom edge
- No coping required

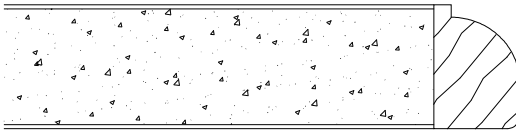

850 Radius Wood Edge:

Available on HPL and veneered worksurfaces and storage tops only.

- 3/4" wide x 1-3/16" high wood edge
- 5/8" Radius top edge
- 1/8" radius bottom edge
- Coping available on bridge and return tops

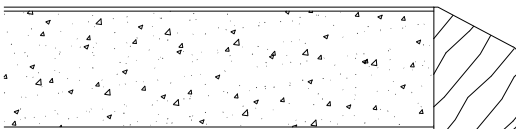

850 Stepped Radius Wood Edge:

Available on HPL and veneered worksurfaces and storage tops only.

- 3/4" wide x 1-3/16" high wood edge
- 1/8" Step + 5/8" Radius top edge
- 1/8" radius bottom edge
- Coping available on bridge and return tops

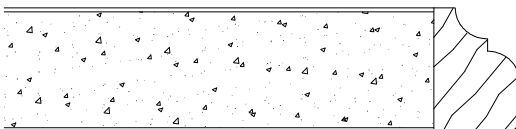

850 Sloped Wood Edge:

Available on HPL and veneered worksurfaces and storage tops only.

- 3/4" wide x 1-3/16" high wood edge
- Sloped profile top edge
- 1/8" radius bottom edge
- Coping available on bridge and return tops

850 Traditional Wood Edge:

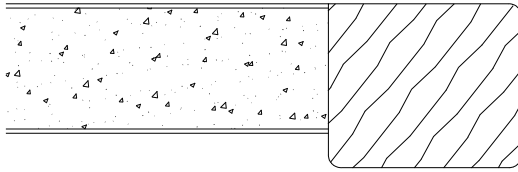

Available on HPL and veneered worksurfaces and storage tops only.

- 3/4" wide x 1-3/16" high wood edge
- Traditional profile top edge
- 1/8" radius bottom edge
- Coping available on bridge and return tops

Edge Profiles - 1500 Series

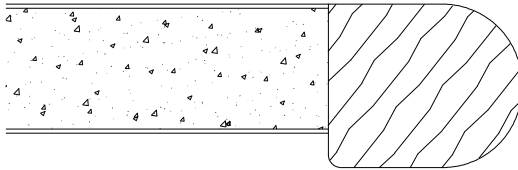

1500 Square Wood Edge:

Available on HPL and veneered table tops only.

- 1-3/4" wide x 1-1/2" high wood edge
- 1/8" radius top edge
- 1/8" radius bottom edge

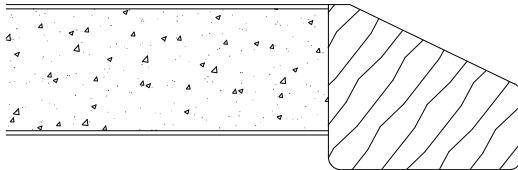

1500 Bullnose Wood Edge:

Available on HPL and veneered table tops only.

- 1-3/4" wide x 1-1/2" high wood edge
- 3/4" radius

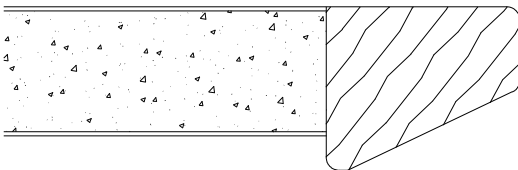

1500 Large Slope Wood Edge:

Available on HPL and veneered table tops only.

- 1-3/4" wide x 1-1/2" high wood edge
- 1-1/2" wide slope
- 1/8" radius bottom edge

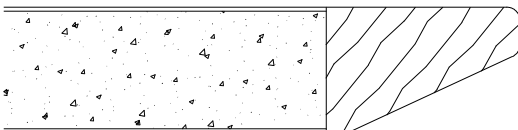

1500 Reversed Large Slope Wood Edge:

Available on HPL and veneered table tops only.

- 1-3/4" wide x 1-1/2" high wood edge
- 1/8" radius top edge
- 1-1/2" wide slope on underside

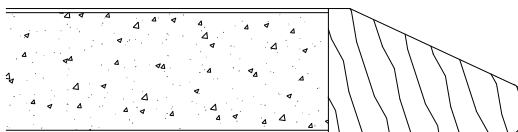

1500 Knife Wood Edge:

Available on HPL and veneered worksurfaces.

- 1-3/4" wide x 1-3/16" high wood edge
- 1/8" radius top edge
- 1-1/2" wide slope on underside

1500 Reversed Knife Wood Edge:

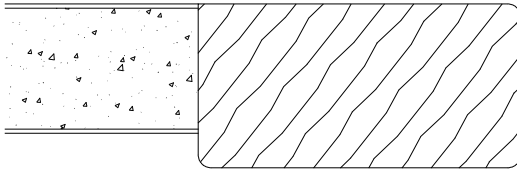

Available on HPL and veneered worksurfaces.

- 1-3/4" wide x 1-3/16" high wood edge
- 1-1/2" wide slope
- 1/8" radius bottom edge

Edge Profiles - 2500 Series

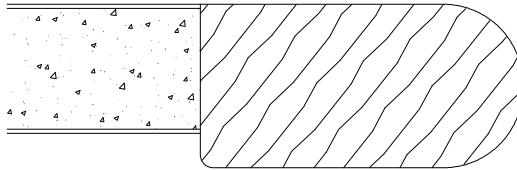

2500 Square Wood Edge:

Available on HPL and veneered table tops only.

- 3" wide x 1-1/2" high wood edge
- 1/8" radius top edge
- 1/8" radius bottom edge

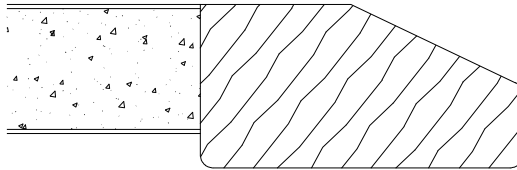

2500 Bullnose Wood Edge:

Available on HPL and veneered table tops only.

- 3" wide x 1-1/2" high wood edge
- 3/4" radius

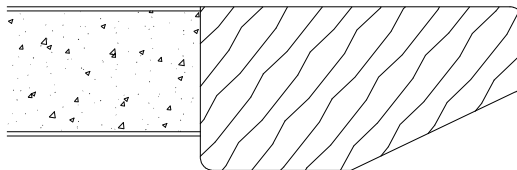

2500 Large Slope Wood Edge:

Available on HPL and veneered table tops only.

- 3" wide x 1-1/2" high wood edge
- 1-1/2" wide slope
- 1/8" radius bottom edge

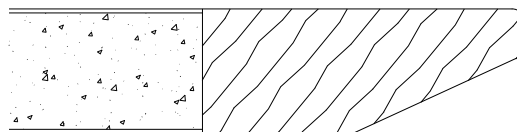

2500 Reversed Large Slope Wood Edge:

Available on HPL and veneered table tops only.

- 3" wide x 1-1/2" high wood edge
- 1/8" radius top edge
- 1-1/2" wide slope on underside

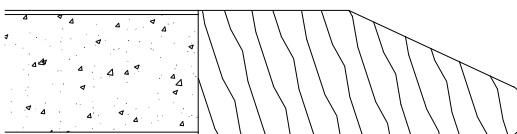

2500 Knife Wood Edge:

Available on HPL and veneered worksurfaces.

- 3" wide x 1-3/16" high wood edge
- 1/8" radius top edge
- 1-1/2" wide slope on underside

2500 Reversed Knife Wood Edge:

Available on HPL and veneered worksurfaces.

- 3" wide x 1-3/16" high wood edge
- 1-1/2" wide slope
- 1/8" radius bottom edge
